

Join Qiuzhen For the Truth and Beauty of Mathematics

Oct 2nd 2022

About Tsinghua University

Founded in 1911, Tsinghua University is one of the most prestigious higher education institutions in the world.

Top 14 in the 2023 QS World University Rankings

The World's Top 10 Most Beautiful Campuses

About Tsinghua University On-Campus Dining

We have 20 restaurants on campus, where you can taste different regional cuisines.

About Tsinghua University ——Sports Facilities

The sports grounds of Tsinghua University cover an area of 220,000 square meters.

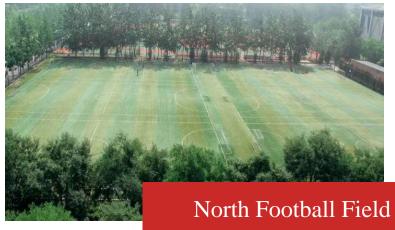

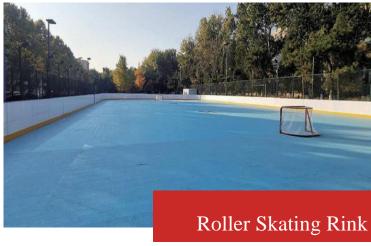

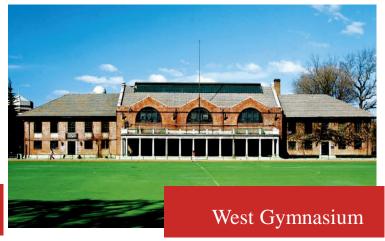

About Tsinghua University ——Sports Grounds

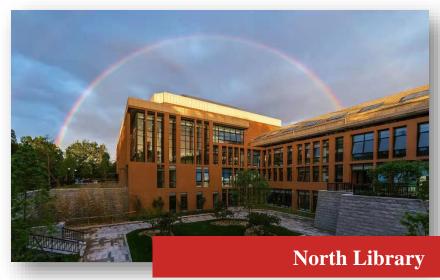

About Tsinghua University Libraries

The **library system** consists of the main library and **six professional libraries** of liberal arts, art, finance, law, economic management and architecture, with a total area of more than 70000 square meters.

Three museums in Tsinghua University.

About Tsinghua University ——Arts Center

There are rich resources of art and cultural venues on the campus of Tsinghua
University.

Tsinghua Auditorium

1. Inaugural Ceremony

On April 20th, 2021, the Inaugural Ceremony of Qiuzhen College was held in the Main Building, Tsinghua University.

Appointment of Mr. Shing-Tung Yau as Dean of Qiuzhen College.

2. Meet our Dean

Shing-Tung Yau,

- 1982 Fields Medalist, 1985 MacArthur Fellow, and recipient of the Crawford Prize (1994), Wolf Prize (2010), and Marcel Grossmann Award (2018).
- Member of the National Academy of Sciences, U.S.A.
- Member of the American Academy of Arts and Sciences
- Foreign Member of the Chinese Academy of Sciences
- Foreign Member of the Russian Academy of Sciences

1. Influential Mathematicians

Two Fields medalists: Prof. Shing-Tung Yau and Prof. Caucher Birkar

1982 Fields Medalist, MacArthur Fellow, and recipient of the Crawford Prize (1994), Wolf Prize (2010), and Marcel Grossman Award (2018); only mathematician to have received all five of these awards.

2018 Fields Medalist, Member of the Academia Europaea and the Royal Society. Expert in algebraic geometry.

World-renowned mathematicians and mathematical physicists + First-class scholars

Prof. Nicolai Reshetikhin

Renowned co-founder of Lowdimensional Topology, Representation Theory and Quantum Field Theory, member of American Mathematical Society

Prof. Akito Futaki

Top scholar in Differential Geometry

Prof. Donald Bruce Rubin

Co-founder of Applied Statistics, American Academy of Sciences and Arts fellow, founder and former head of Statistics Department of Harvard University

Prof. Shiu-Yuen Cheng

Member of American Mathematical Society

More and more world-class young scholars have joined us

Mathematicians for Six main research fields: Pure Mathematics

Research Fields	Chinese Name	English Name

Working with faculties from BIMSA

- Yanqi Lake Beijing Institute of Mathematical Sciences and Applications (BIMSA), located in Huairou district of Beijing, is a mathematics research institution co-sponsored by Beijing Municipal Government and Tsinghua University. The director of BIMSA is Prof. Shing-Tung Yau.
- BIMSA is committed to basic, forward-looking and systematic research in all areas of mathematics, and frontiers of physics, computer science, finance and interdiscipline.
- Graduate students of Qiuzhen College will have lots of opportunities to communicate and work with the faculties from BIMSA

Two-way choice between students and the tutors

Qiuzhen College strictly controls the overall quality of students in terms of graduate enrollment.

The requirement for new graduate students is to **confirm tutors within one academic year** (no more than two academic years at the latest) according to their own conditions and after in-depth contact with various tutors.

There will be the **two-way choice** between students and tutors.

3. Sample courses for graduate

2022 Fall featured graduate courses list offered by Qiuzhen College

Course name	Credit	Course name	Credit
Algebraic Geometry(1)	4	Quantum Complexity Theory	3
Differential Topology	3	Topics in Geometry and Topology	3
Differential Geometry II: Riemannian Geometry	4	Topics in Algebra and Number Theory	3
Advanced Functional Analysis	3	Topics in Complex Geometry	3
Birational Geometry(1)	2		

3. Sample courses for graduate

2023 Spring featured graduate courses list offered by Qiuzhen College

Course name	Credit	Course name	Credit	Course name	Credit
Topics in Algebra and Number Theory	3	Birational Geometry(2)	2	Harmonic Analysis	4
Algebraic Geometry(2)	3	Complex Geometry	4	Operator Algebras	3
Algebraic Topology(2)	4	Machine Learning Theory	4	Geometric Representation Theory(1)	3
Partial Differential Equation(2)	4	Probability(2)	3	Fluid Dynamics	3
Dynamics on Moduli Spaces	3
