

DONALD B. RUBIN

University Affiliations: Professor, Yau Mathematical Sciences Center, Tsinghua University
Murray Shusterman Senior Research Fellow, Department of Statistical Science, Fox School of Business
Professor Emeritus, Department of Statistics, Harvard University

Address: Room 316, Jingzhai, Tsinghua University, Haidian District, Beijing, China
zip code: 100084

Email: rubin@stat.harvard.edu; dbrubin@mac.com; donald.rubin@temple.edu

University Degrees:

A.B. 1965
magna cum laude
Phi Beta Kappa
Princeton University
Major: Psychology
Advisor: Professor Lawrence A. Pervin
Thesis: "Dissatisfaction with College and Tendency to Drop Out of College as a Function of Value Dissonance"

M.S. 1966
Harvard University
Major: Computer Science
Advisor: Professor Anthony G. Oettinger

Ph.D. 1970
Harvard University
Major: Statistics
Advisor: Professor William G. Cochran
Thesis: "The Use of Matched Sampling and Regression Adjustment in Observational Studies"

Honorary Doctorates
Doctorate Honoris Causa, Faculty of Social Sciences and Economics, Otto-Friedrich-Universität Bamberg, 31 May 2011, Bamberg, Germany.

Doctorate Honoris Causa, University of Ljubljana, 4 December 2012, Ljubljana, Slovenia.

Doctorate Honoris Causa, Universidad Santo Tomás, 22 April 2015, Bogotá, Colombia.

Doctorate Honoris Causa, Medical Faculty, Uppsala University, 27 January 2017, Uppsala, Sweden.

Doctorate Honoris Causa, Northwestern University, 16 June 2017, Evanston, Illinois.

Faculty Positions at Harvard University:

1970-1971	Lecturer on Statistics, Department of Statistics, Harvard University, Cambridge, Massachusetts
1978	Visiting Lecturer (Spring Term). Department of Statistics, Harvard University, Cambridge, Massachusetts.
1984-2002	Professor, Department of Statistics.
1985-1994	Chairman, Department of Statistics.
1985-1991& 1997-2000	Director of Graduate Studies, Department of Statistics.
1997-2000	Faculty Staff, Program on Educational Policy and Governance.
1998-2018	Member, Standing Committee on Health Policy, Harvard University.
1999-2000	Chairman, Department of Statistics' Senior Search Committee.
2000-2004	Chairman, Department of Statistics.
2002-2018	John L. Loeb Professor of Statistics.
2003-2018	Faculty Associate, Center for Basic Research in the Social Sciences.
2018-present	Professor Emeritus

Other Professional Positions:

- 1962 Assistant Technician (Summer), Armour Research Foundation, Illinois Institute of Technology Chicago, Illinois.
- 1963 Assistant Technician (Summer), Armour Research Foundation, Illinois Institute of Technology, Chicago, Illinois.
- 1964 NSF Fellowship (Summer) - Research with Professor Lawrence A. Pervin, Department of Psychology, Princeton University, Princeton, New Jersey.
- 1965 NSF Fellowship (Summer) - Research with Professor Lawrence A. Pervin, Department of Psychology, Princeton University, Princeton, New Jersey.
- 1966 Research Assistant for Professor Lawrence A. Pervin (Summer), Department of Psychology, Princeton University, Princeton, New Jersey.
- 1966 Research Assistant for Professor John W. Tukey (Summer), Department of Mathematics, Princeton University, Princeton, New Jersey.
- 1966-1967 Teaching Fellow in Computer Science for Mr. George Mealey, Department of Applied Mathematics, Harvard University, Cambridge, Massachusetts.
- 1967-1968 Research Assistant for Professor Lawrence Stolurow, Computer Aided Instruction Laboratory, Harvard University, Cambridge, Massachusetts.
- 1967-Present Statistical consultant on various projects for governmental agencies, research organizations, and university faculty. Details available upon request.
- 1968-1969 Teaching Fellow in Statistics for Professor Frederick Mosteller, Research Assistant for Professor Frederick Mosteller, Department of Statistics, Harvard University, Cambridge, Massachusetts.
- 1969-1970 Research Assistant for Professor William G. Cochran, Department of Statistics, Harvard University, Cambridge, Massachusetts.
- 1971-1974 Visiting Lecturer, Department of Statistics, Princeton University, Princeton, New Jersey.
- 1971-1975 Research Statistician, Educational Testing Service, Princeton, New Jersey.
- 1975 Visiting Scholar (Winter Quarter), Department of Statistics, University of California at Berkeley.
- 1975-1979 Chairman, Statistics Group, Educational Testing Service, Princeton, New Jersey.
- 1976 Visiting Associate Professor (Winter and Spring Quarters), Department of Applied Statistics, University of Minnesota, St. Paul, Minnesota.
- 1979 Senior Visiting Fellow, Center for Applied Statistics, University of Lancaster, England.
- 1979 Visiting Lecturer (Spring Term), Department of Statistics, Princeton University, Princeton, New Jersey.

- 1980-1981 Director (December, January), Division of Statistics and Applied Mathematics, Office of Radiation Programs, U.S. Environmental Protection Agency, Washington, D.C. (Senior Executive Service 4).
- 1980-1982 Senior Statistical Research Advisor, Educational Testing Service, Princeton, New Jersey.
- 1981 Senior Visiting Fellow, Center for Applied Statistics, University of Lancaster, England.
- 1981-1982 Visiting Professor, Mathematics Research Center, University of Wisconsin at Madison.
- 1981-2008 President, Datametrics Research, Inc., Waban, Massachusetts.
- 1982 Visiting Professor (February, April), Department of Mathematics, University of Texas at Austin.
- 1982-1984 Professor, Department of Statistics and Department of Education, The University of Chicago, Illinois.
- 1983-Present Research Associate, NORC, Chicago, Illinois.
- 1999-2001 Fellow in Theoretical and Applied Statistics, National Bureau of Economic Research, Cambridge, Massachusetts.
- 2018 Distinguished Visitor of the Center for Statistical Science of the Jockey Club Institute for Advanced Study at Hong Kong University of Science and Technology.

Professional Activities:

- 1975-1979 Associate Editor, Theory and Methods, The Journal of the American Statistical Association.
- 1975-1979 Associate Editor, Book Reviews, The Journal of the American Statistical Association.
- 1975-1980 Organizational Representative for the Institute of Mathematical Statistics at Educational Testing Service.
- 1976-1979 Associate Editor, Journal of Educational Statistics.
- 1979-1990 Corresponding Associate Editor, The Behavioral and Brain Sciences.
- 1976-1979 Reviewer for Mathematical Reviews.
- 1977-1978 Member, Committee on Privacy and Confidentiality, American Statistical Association.
- 1977-1983 Member, Panel on Incomplete Data, Committee for National Statistics, National Academy of Sciences. Chairman, Theoretical Subpanel. Member, Steering Committee.
- 1979 Editor Elect, The Journal of the American Statistical Association.

- 1980-1982 Coordinating Editor and Applications Editor, The Journal of the American Statistical Association.
- 1980-1982 Member, Board of Directors, American Statistical Association.
- 1980-1982 Member, Publications Committee, American Statistical Association.
- 1981-1985 Member, Social Science Research Council Working Group on Procedures for Imputing Occupation Codes on Census Public-Use Files.
- 1981 Member, National Academy of Sciences Review Panel on Statistical Methodology of Coleman's Report on the Efficacy of Public vs. Private Schools.
- 1983-1989 Member, National Academy of Sciences Committee on the Performance of Military Personnel.
- 1983-1984 Member, National Academy of Sciences Committee on Indicators of Pre-College Science and Mathematics Education.
- 1983-1984 Member, Ad Hoc Committee to Develop Guidelines for W.G. Cochran Memorial Award, American Statistical Association.
- 1985-1995 Consulting Editor to Chapman and Hall Publishers and General Editor with Cox, Hinkley, Reid, and Silverman of Chapman and Hall's series "Monographs on Applied Statistics and Probability."
- 1985-1986 Member, National Academy of Sciences Working Group on Statistical Analysis, Committee on Basic Research in the Behavioral and Social Sciences.
- 1985-1990 Member, Advisory Committee for the National Science Foundation's section on "Measurement Methods and Data Resources."
- 1988-1993 Associate Editor, Survey Methodology.
- 1989-1992 Council Member, Institute for Mathematical Statistics.
- 1989-1992 Member, National Academy of Sciences Committee on National Statistics.
- 1989-1992 Member, Panel on Confidentiality of Data, National Academy of Sciences, Committee on National Statistics
- 1990-1992 Member, Panel on Bilingual Education, National Academy of Sciences, Committee on National Statistics
- 1990-1994 Chair-elect/Chairman/Past Chairman, American Association for the Advancement of Science's Section U: Statistics
- 1991-1994 Member, Data Monitoring Review Board, Project "Altering Caesarean-Section Trends," Brigham & Women's Hospital, Boston
- 1991-1995 Statistical Editor, International Journal of Psychiatry in Medicine
- 1992-1994 Member, Ad Hoc Advisory Panel/Technical Panel for Survey of Earned Doctorates, NSF/NIH/USED/NEH/USDA/NRC
- 1992-1994 Member, ex officio, Corporation of National Institute of Statistical Sciences

- 1992-1995 Guest Editor, *Statistica Sinica* for the theme topic “The EM Algorithm”, 5, 1, pp. 1-107.
- 1992-1995 Associate Editor, *Biometrika*
- 1992-1996 Member AMS-IMS-MAA (American Mathematical Society-Institute for Mathematical Statistics-Mathematical Association of America) Data Committee
- 1993-1998 American Representative on the Elections Committee for Fellows for the International Statistical Institute
- 1993-2004 Associate Editor, *Statistica Sinica*
- 1995-1998 Guest Editor, *Statistica Sinica* for the theme topic “Statistical Issues in Educational Testing”, Vol. 8, 1998, pp. 647-747.
- 1995-1998 Member, Committee for Fellows for the Institute of Mathematical Statistics
- 1995-1996 Member, Panel on Statistics in the 21st Century, Committee on Applied and Theoretical Statistics, National Academy of Sciences
- 1995 Member, Visiting Committee for Department of Statistics, Pennsylvania State University
- 1995 Member, Visiting Committee for Department of Biostatistics, University of California, Los Angeles
- 1996 Member, Nominating Committee for Committee on National Statistics, National Academy of Sciences
- 1996 Member, Census Blue Ribbon Panel, American Statistical Association
- 1996 Member, Task Force on Statistical Inference, American Psychological Association
- 1996 Member, Advisory Board, Program Project Grant “Surgery, Immunology and Immunotherapy of Cancer”, John Wayne Cancer Institute, UCLA Medical School
- 1996-2001 Member, Scientific Advisory Board, Pharsight Corporation, Palo Alto, CA
- 1996-1999 Chair Elect, Chair, Past Chair, Section on Survey Research Methods, American Statistical Association
- 1997-2000 Member, Committee on Award for Outstanding Statistical Application, American Statistical Association
- 1997 Member, Visiting Committee for the Department of Statistics, Columbia University.
- 1998-2002 Member, Statistical Advisory Board, Statistical Solutions, Cork, Ireland.
- 1999-2002 Member, Samuel S. Wilks Medal Committee, American Statistical Association.
- 2000-2003 Member, Working Group on Data Confidentiality and Data Dissemination, Institute for Social Research, University of Michigan.
- 2001-2002 Member, Centers for Disease Control and Prevention Panel on Study Design for Anthrax Vaccine.

2002	Member, Panel on Reputational Measures of Academic Departments and Data Presentation, National Academy of Sciences.
2006	Chair-Elect, Section on Epidemiology, American Statistical Association.
2007	Research Fellow, IAB (Institute for Employment Research), Nuremberg, Germany.
2009-2015	Member, Census Advisory Committee, American Statistical Association.
2011-2024	Research Fellow, Institute for the Study of Labor (IZA), Bonn, Germany.
2012-2013	Member, Membership Panel, Class I, Section 1 (Mathematics), American Academy of Arts and Sciences.
2012-2015	Invited Participant, Council of Scientific Presidents (CSSP) R&D Division Research Project, "Creative Heuristics Enabling Strategic Success."
2013-2015	Honorary Editor, Communications for Statistical Applications and Methods, Korean International Statistical Society
2017	Member, International Consortium of Chinese Mathematicians (ICCM) Global Committee
2017-present	Member, Proceedings of the National Academy of Sciences (PNAS) Editorial Board
2019-present	Academic advisor, the Statistical Consulting Center in Tsinghua, China
2019-present	Member, Advisory Panel of Professor C.R. Rao's Centenary Celebrations by CR Rao Institute in Hyderabad, India
2019-present	Editorial Advisory Board Member, Open Statistics, De Gruyter, ISSN: 2657-3601

Fellowships, Honors, and Awards, Pre-Ph.D.:

1961	Offer of three-year degree with advanced placement in physics, mathematics, chemistry and history, Princeton University.
1961-1965	Dean's List, all terms, Princeton University.
1964	Howard Crosby Warren Award for outstanding junior psychology major, Princeton University.
1964	NSF Undergraduate Summer Research Fellowship, Department of Psychology, Princeton University.
1965	Howard Crosby Warren Award for outstanding senior psychology major, Princeton University.
1965	NSF Undergraduate Summer Research Fellowship, Department of Psychology, Princeton University.
1965	Phi Beta Kappa, Princeton University.
1965	Woodrow Wilson Graduate Fellowship.
1965-1970	NSF Graduate Fellowships.

Selected Awards, Honors, Awards, and Invited Presentations, Post-Ph.D.:

- 1977 Elected Fellow of American Statistical Association.
- 1977 Elected Fellow of Institute of Mathematical Statistics.
- 1977-1978 John Simon Guggenheim Fellowship. Studies in Mathematical and Theoretical Statistics: Evaluating the Quality of Causal Inferences in Observational Studies.
- 1984 Elected Fellow of American Association for the Advancement of Science.
- 1984 Elected Member of International Statistical Institute.
- 1988 Biometric Society – ENAR, President’s Invited Address, Boston, MA.
- 1992 B.V. Sukhatme Memorial Lecture, Iowa State University, Ames, IA.
- 1992 First Biennial Days of Biometrics Lecture Series, Adolphe Quetelet Society, Louvain-La-Leuve, Belgium.
- 1993 Psychometric Society, President’s Invited Address, Barcelona, Spain.
- 1993 Elected Member of the American Academy of Arts and Sciences [I:1].
- 1994 Royal Statistical Society, President’s Invited Address, Newcastle upon Tyne, England.
- 1995 Statistician of the Year, American Statistical Association, Boston Chapter.
- 1995 Jacob Marschack Colloquium, University of California, Los Angeles, CA.
- 1995 Samuel S. Wilks Memorial Medal, American Statistical Association (awarded annually since 1964; at the time, called the Association’s “most prestigious award”).
- 1996 Emanuel and Carol Parzen Prize for Statistical Innovation (awarded biannually since 1994).
- 1996 C.L. and M.D. Rustagi Memorial Lecture, Ohio State University, Columbus, OH.
- 1997 First Corcoran Memorial Lecture, Department of Statistics, University of Oxford, Oxford, U.K.
- 1997 Bernard Greenberg Memorial Lecture, Department of Biostatistics, University of North Carolina.
- 1997 Distinguished Lecture Series in Statistics, Wharton School, University of Pennsylvania.
- 1997 Clifford C. Clogg Memorial Lecture in Sociology and Statistics, Pennsylvania State University.
- 2000 - Present According to Google Scholar, one of the most highly cited mathematicians, statisticians, economists, or psychologists in the world. See, for statistics, (http://scholar.google.com/citations?view_op=search_authors&hl=en&mauthors=label:statistics).
- 2001 Statistician of the Year, American Statistical Association, Chicago Chapter.

- 2001 Mitchell Prize, International Society for Bayesian Analysis/Section on Bayesian Statistical Sciences of the American Statistical Association. (For publication with K. Hirano, G. Imbens and X-H Zhou.)
- 2001 American Public Health Association, Lowell Reed Lecturer.
- 2002 Highly Cited Mathematicians, Decade 1991-2000. Science Watch, 13, 1, ISI Thompson.
2002 Highly Cited Economists, Decade 1990-2000. Social Science Citation Index, ISI Thompson.
- 2003 Keynote Invited Lecture, 14th Conference on Machine Learning and 7th European Conference on Knowledge Discovery in Databases, Cavtat, Croatia.
- 2004 Knapp University Lecture, University of Wisconsin, Madison.
- 2004 Baxter Memorial Lecture, State University of New York, Stony Brook.
- 2004 Joint Program on Statistical Methods, 10th Anniversary Distinguished Lecture, Washington, D.C.
- 2004 Special Plenary Lecture, European Conference on Quality and Methodology in Official Statistics, Mainz, Germany.
- 2004 Keynote Address, 6th International German Socio-Economic Panel User Conference, Berlin, Germany.
- 2004 Keynote Lecture, 24th Biennial Conference of the Society for Multivariate Analysis in the Behavioral Sciences, Jena University, Germany.
- 2004 John Wiley and Sons, Lifetime Achievement Award in Statistics and Mathematics, Joint Statistical Meetings, Toronto, Ontario, Canada.
- 2004 Fisher Lecturer, Joint Statistical Meetings, Committee of Presidents of Statistical Societies, Toronto, Ontario, Canada.
- 2005 Biometric Society – WNAR, President’s Invited Address, Fairbanks, AK.
- 2005 Morris H. DeGroot Memorial Lecture, Carnegie Mellon University, Pittsburgh, PA.
- 2005 Plenary Lecture, Annual Meeting of the German Statistical Society, Braunschweig, Germany.
- 2005 Morris H. Hansen Memorial Lecture, Washington D.C. Chapter of the American Statistical Association, Washington, D.C.
- 2005 Plenary Lecture, Conference on Econometric Evaluation of Public Policies: Methods and Applications, Paris, France.
- 2006 Keynote Address, 5th Annual Hawaii International Conference on Statistics, Mathematics, and Related Fields, Honolulu, Hawaii.
- 2006 Distinguished Lecture, NSF Program for Interdisciplinary Mathematics, Ecology, and Statistics, Fort Collins, Colorado.
- 2006 Keynote Address, ZEW Evaluation Conference, Mannheim, Germany.
- 2007 George W. Snedecor Award of the Committee of Presidents of Statistical Societies.
- 2007 Kuwaiti Lecture in Mathematics, University of Cambridge, UK.

- 2008 Keynote Address, European Association of Methodology, Oviedo, Spain.
- 2008 Award of Honorary Membership, European Association of Methodology.
- 2008 Keynote Speaker, Symposium on Causality, Jena, Germany.
- 2009 Inaugural Lecture for Georgia State Department of Statistics, Atlanta, Georgia.
- 2009 Inaugural W.E. Cochran Lecture at the Atlantic Causal Modelling Conference, Philadelphia, Pennsylvania.
- 2009 Elected Corresponding Fellow of the British Academy, London, U.K.
- 2009 Sole Invited Discussant, Census Conference on Preserving Confidentiality Using Synthetic Data, Washington, D.C.
- 2009 Mitchell Prize, International Society for Bayesian Analysis/Section and Bayesian Statistical Sciences of the American Statistical Association. (With H. Jin.)
- 2009 Distinguished Plenary Speaker, Singapore Economic Review Conference, Singapore.
- 2009 Humboldt Research Award, Alexander von Humboldt Foundation, Bonn, Germany.
- 2010 Elected Member, National Academy of Sciences.
- 2010 Invited Presentation, University of Rome, May, Rome, Italy.
- 2010 Invited Tutorial on Active Learning and Experimental Design, AISTATS Conference, May, Sardinia, Italy.
- 2010 Invited Presentation on Causal Inference, Department of Statistics, University of Florence, May, Florence, Italy.
- 2010 Plenary Lecture, Google Statfoo Conference, May, Palo Alto, CA.
- 2010 Keynote Speaker, 50th Anniversary of Department of Statistics, University of Wisconsin, Madison, WI.
- 2010 Keynote Speaker, International Chinese Statistical Association, June, Indianapolis, IN.
- 2010 Keynote Speaker, European Association of Methodology, July, Potsdam, Germany.
- 2010 Invited General Discussant, Symposium on Causality in Education, July, Jena, Germany.
- 2010 Keynote Address and Short Course on Causal Inference, Nordic Statistical Meetings, August, Copenhagen, Denmark.
- 2011 Lewis B. Sheiner Lecture Award, University of California-San Francisco/American Conference on Pharmacometrics (ACoP), April, San Diego, CA.
- 2011 Invited Keynote Speaker, Pacific Coast Statisticians and Pharmacometricians Innovation Conference (PaSiPhIC), July, San Luis Obispo, CA.
- 2011 Invited Plenary Speaker, First Wuxi International Statistics Forum, July, Wuxi, China.
- 2011 Invited Plenary Speaker, 2011 International Statistics Institute, 58th World Statistics

- Congress, August, Dublin, Ireland.
- 2011 Invitee, Annual Dies Academicus, University of Bamberg, November, Bamberg, Germany.
- 2012 Distinguished Keynote Lecture, Second Joint Biostatistics Symposium, July 8, Beijing, China.
- 2012 Tsinghua University Pao-Lu Hsu Distinguished Lectures (2nd annual; 1st annual = Bradley Efron, Stanford University), July 11 & 13, Beijing, China.
- 2012 Invited Otis Dudley Duncan Memorial Lecture, American Sociological Association, August 17, Denver, Colorado.
- 2013 Invited Speaker, COPSS 50th Anniversary, JSM 2013, August 5, 2013, Montreal, Canada.
- 2014 Invited Speaker and Workshop Participant, European Central Bank Surveys, March 17, Frankfurt, Germany.
- 2014 Invited Participant, Loeb Symposium on Religious Freedom with Rabbi Angela Buchdahl, Sheikh Yasir Qadhi, Rev. J. Brent Walker, and Henry Louis Gates Jr, Harvard University, May 1, Cambridge, MA.
- 2014 Invited Participant, Clinical Effectiveness Research Innovation Collaborative, Institute of Medicine of the National Academies, May 12, Washington, DC.
- 2014 Invited Participant, Missing Data Working Group Meeting, Budget Support Working Group, World Bank, May 13, Washington, DC.
- 2014 Invited Speaker, ISBA-George Box Research Workshop on Frontiers of Statistics, George Washington University, May 21-22, Washington, DC.
- 2014 Invited Speaker, Biogen Idec and the Boston Chapter of the American Statistical Association, May 27, Boston, MA.
- 2014 Keynote Speaker, Special Seminar on Multiple Imputation, Poverty and Inequality Measurement and Analysis Practice Group, June 18, broadcast event.
- 2014 Speaker, 2014 ASA Biopharmaceutical Section FDA-Industry Statistics Workshop, September 24, Washington, DC.
- 2014 Keynote Speaker, International Conference on Risk Analysis of Meteorological Disasters (RAMD'14), October 12 & 13, Nanjing, China.
- 2014 Highly Cited Researcher, The World's Most Influential Scientific Minds: 2014, Thomson Reuters, October 6, 2014, London, UK.
- 2014 Invited Speaker, 2014 International Methodology Symposium, Statistics Canada, October 31, Ottawa, Canada.
- 2015 International Affiliate, Otto-Friedrich-Universität Bamberg, Bamberg, Germany.
- 2015 Member, Scientific Advisory Council, Bamberg Graduate School of Social Sciences, Otto-Friedrich-Universität Bamberg, Bamberg, Germany.
- 2015 Invited Speaker, NINDS Launching Effectiveness Research to Guide Practice in Neurosurgery Workshop, National Institute of Neurological Disorders and Stroke (NINDS), NIH, February 5, Bethesda, MD.

- 2015 Invited Speaker, Interdisciplinary Seminar in Quantitative Methods (ISQM), University of Michigan, February 11, Ann Arbor, MI.
- 2015 Invited Speaker, 2015 American Society for Clinical Pharmacology and Therapeutics (ASCPT) Annual Meeting, ASCPT, March 4, New Orleans, LA.
- 2015 Invited Speaker, RAND Corporation, March 24, Santa Monica, CA.
- 2015 Keynote Speaker, International Workshop on Applied Statistics (4th Annual IWAS 2015), April 22 – 25, Bogotá, Colombia.
- 2015 Keynote Speaker, 35th Conference on Applied Statistics in Ireland, Irish Statistical Association (ISA), May 12, Cork, Ireland.
- 2015 Invited Speaker and Participant, Cariplo Foundation Seminar and Workshop, June 15, Milan, Italy.
- 2015 Invited Lecturer, School on Causal Inference and Impact Evaluation, June 17-19, Florence, Italy.
- 2015 Invited Conference Faculty, 2015 Main Causal Inference Workshop, July 13, Chicago, IL.
- 2015 Invited Speaker, First Latin American ISI Satellite Meeting on Small Area Estimation, August 3 – 5, Pontificia Universidad Católica de Chile, Santiago, Chile.
- 2015 Invited Speaker for Short Course, August 5 – 6, Pontificia Universidad Católica de Chile, Santiago, Chile.
- 2015 Invited Speaker for Workshop on Measuring Inequalities of Income and Wealth, High-Level Expert Group on the Measurement of Economic Performance and Social Progress, OECD, September 15, Berlin, Germany.
- 2015 Short Course Faculty Member, ASA Biopharmaceutical Section FDA-Industry Statistics Workshop, September 16, Washington, DC.
- 2015 Invited Speaker and Panelist, CODE, MIT, October 16 – 17, Cambridge, MA.
- 2015 Invited Speaker, Department of Biostatistics, University of Michigan, October 29, Ann Arbor, MI.
- 2015 Keynote Speaker, Rod Little's 65th Birthday Celebration, Department of Biostatistics, University of Michigan, October 30, Ann Arbor, MI.
- 2015 Keynote Speaker, FDA/CTP Statistics Public Workshop on Missing Data, November 5 – 6, Silver Spring, MD.
- 2015 Invited Speaker, University of the Free State, November, Republic of South Africa.
- 2016 2016 PROSE Award for Best Textbook in the Social Sciences for: Causal Inference for Statistics, Social, and Biomedical Sciences: An Introduction with G. Imbens.
- 2016 Speaker for 2016 DeGroot Prize for Bayesian Data Analysis, with A. Gelman, J. Carlin, H. Stern. Third edition also with D. Dunson and A. Vehtari.
- 2016 Invited Speaker, Department of Biostatistics, University of Washington School of Public Health, January 21, Seattle, WA.

- 2016 Invited Speaker, Substantial Evidence in 21st Century Regulatory Science - Borrowing Strength from Accumulating Data, American Course on Drug Development and Regulatory Sciences, University of California Washington Center, April 21, Washington, DC.
- 2016 Invited Speaker, Cultural Patterns: Multiscale Data-driven Models, Institute for Pure and Applied Mathematics, University of California, Los Angeles, May 9 – 13, Los Angeles, CA.
- 2016 Invited Speaker, 60th Anniversary Meeting, Department of Statistics, University of Chicago, May 13 – 14, Chicago, IL.
- 2016 Keynote Speaker, Novartis China, June 20, Shanghai, China.
- 2016 Keynote Speaker, 2016 ICSA China Statistics Conference, June 24, Qingdao, China.
- 2016 Keynote Speaker, East China Normal University, June 27, Shanghai, China.
- 2016 Workshop Faculty, Joint Statistical Meetings, July 30 – August 2, Chicago, IL.
- 2016 Invited Speaker, Department of Biostatistics, University of Michigan School of Public Health, September 8, Ann Arbor, MI.
- 2016 Invited Faculty, ARCO Lab Summer School on Impact Evaluation Methodologies, Action Research for Co-development (ARCO), September 12 – 15, Florence, Italy.
- 2016 Invited Speaker, Utilizing Innovative Statistical Methods and Trials Designs in Rare Disease Settings, Center for Health Policy, Duke University, October 11, Washington, DC.
- 2016 Invited Lecturer, Biobank and Health Data Conference 2016, Research Council of Norway, November 8 – 9, Oslo, Norway.
- 2016 Invited Speaker, Causal Inference Conference, Department of Statistics, Columbia University, November 10 – 12, New York, NY.
- 2016 Invited Speaker, Distinguished Lectures in Statistical Science, Fields Institute for Research in Mathematical Sciences, November 23 – 24, Ontario, Canada.
- 2017 Invited Speaker, Uppsala University, January 26 and 28, Uppsala, Sweden.
- 2017 2017 C.R. and Ghargavi Rao Prize for Outstanding Research in Statistics.
- 2017 Rao Prize Lecture, May 12, Pennsylvania State University, State College, PA.
- 2017 Keynote Speaker, IMPS 2017, Psychometric Society, July 18 – 21, Zurich, Switzerland.
- 2017 2017 Waksberg Award, *Survey Methodology*, American Statistical Association.
- 2017 Karl Pearson Prize, *Statistical Analysis with Missing Data*, International Statistical Institute.
- 2017 Evanston Township High School Distinguished Alumni Award
- 2017-2018 Nirit and Michael Sahoul Fellow, in The Mortimer and Raymond Sackler Institute of Advanced Studies, Tel Aviv, Israel.
- 2018 Distinguished Visitor of the Center for Statistical Science of the Jockey Club Institute for Advanced Study at Hong Kong University of Science and Technology.

2020 Research Excellence Award, Yau Mathematical Sciences Center, Tsinghua University, China.

Honorary Doctorates

See page 1 of C.V. for all degrees, including honorary.

Honorary Professorships

2012-2013 Honorary Belle van Zuylen Professor, Department of Methodology and Statistics, University of Utrecht, The Netherlands.

2014 Honorary Professorship, Shanghai Finance University, awarded October 11, Shanghai, China.

2014 Honorary Professorship, Nanjing University of Science & Technology, awarded October 12, Nanjing, China.

2014 Honorary Professorship, Xi'an University of Technology, awarded October 16, Xi'an, China.

2015 Honorary Professorship, University of the Free State, awarded November, Republic of South Africa.

Memberships in Professional Societies:

American Academy of Arts and Sciences [Fellow, I:1]
American Association for the Advancement of Science (Fellow)
American Public Health Association
American Statistical Association (Fellow)
Biometric Society
British Academy (Corresponding Fellow)
Econometric Society
European Association of Methodology (Honorary Member)
Institute for Employment Research (Fellow)
Institute of Mathematical Statistics (Fellow)
International Association of Survey Statisticians
International Chinese Statistical Association (Permanent Member)
International Statistical Institute
National Academy of Sciences
New York Academy of Sciences
Psychometric Society
Royal Statistical Society
Society for Research Synthesis Methodology

- 1980 - Handling Nonresponse in Sample Surveys by Multiple Imputations, U.S. Department of Commerce, Bureau of the Census Monograph.
- 1982 - Test Equating. New York: Academic Press, Inc. (P.W. Holland and D.B. Rubin, eds.)
- 1983 - Incomplete Data in Sample Surveys (Volume 2): Theory and Bibliographies. New York: Academic Press, Inc. (W.G. Madow, I. Olkin, and D.B. Rubin, eds.)
- 1987 - Multiple Imputation for Nonresponse in Surveys. New York: John Wiley and Sons.
- 1987 - Statistical Analysis with Missing Data. New York: John Wiley and Sons. (R.J.A. Little and D.B. Rubin.) Winner of the 2017 Karl Pearson Prize. Translated into Russian in 1991: Finansy and Statistika Publishers, Moscow, Andrei Nikiforev, translator.
- 1995 - Bayesian Data Analysis. New York: Chapman and Hall. (A. Gelman, J. Carlin, H. Stern, and D.B. Rubin.)
- 2000 - Contrasts and Effect Sizes in Behavioral Research: A correlational approach. Cambridge, UK: Cambridge University Press. (R. Rosenthal, R. Rosnow, and D.B. Rubin.)
- 2002 - Statistical Analysis with Missing Data, 2nd ed. New York: John Wiley and Sons. (R.J.A. Little and D.B. Rubin). Translated into Chinese in 2003: China Statistics Press, People's Republic of China.
- 2004 - Bayesian Data Analysis, 2nd ed. New York: CRC Press. (A. Gelman, J. Carlin, H. Stern, and D.B. Rubin.)
- 2004 - Multiple Imputation for Nonresponse in Surveys. Reprinted with appendices as a "Wiley Classic." New York: John Wiley and Sons. Appendix 1: (1977) "The Design of a General and Flexible System for Handling Non-Response in Sample Surveys."; Appendix 2: (1983) "Progress Report on Project For Multiple Imputation of 1980 Codes." Manuscript distributed to the U.S. Bureau of the Census, the U.S. National Science Foundation and the Social Science Research Foundation.
- 2006 - Matched Sampling for Causal Effects. New York: Cambridge University Press.
- 2013 - Bayesian Data Analysis, 3rd ed. New York: CRC Press. (A. Gelman, J. Carlin, H. Stern, D. Dunson, A. Vehtari, and D.B. Rubin.) Winner of the 2016 DeGroot Prize. To be translated into Korean: Acorn Publishing Company.
- 2015 - Causal Inference for Statistics, Social, and Biomedical Sciences: An Introduction. New York: Cambridge University Press. (G. Imbens and D.B. Rubin.) Winner of the 2016 PROSE Award for Best Textbook in the Social Sciences. To be translated into Chinese.
- 2019 - Statistical Analysis with Missing Data, 3rd ed. New York: John Wiley and Sons. (R.J.A. Little and D.B. Rubin.)

1988 - S. Neal Thomas, Jr.*, “Designing an Observational Study Using Estimated Propensity Scores.” University of Chicago. Current Position: Senior Director, Pfizer Inc.

1989 - Alan M. Zaslavsky*◇, “Representing the Census Undercount: Reweighting & Imputation Methods.” M.I.T. Current Position: Professor, Department of Health Care Policy, Harvard Medical School.

1990 - Andrew E. Gelman*†, “Topics in Image Reconstruction for Emission Topography.” Harvard University. Current Position: Professor, Department of Statistics, and Director, Applied Statistics Center, Columbia University.

1990 - Xiao-Li Meng*†, “Towards Complete Results for Some Incomplete-Data Problems.” Harvard University. Current Position: Whipple V. N. Professor, Department of Statistics, Harvard University, and Dean, Graduate School of Arts and Sciences, Harvard University.

- 1991 - Thomas R. Belin*[◊], “Using Mixture Models to Calibrate Error Rates in Record-Linkage Procedures, With Application to Computer Matching for Census Undercount Estimation.” Harvard University. Current Position: Professor, Departments of Biostatistics and Psychiatry and Biobehavioral Sciences, UCLA.
- 1992 - Joseph L. Schafer*, “Algorithms for Multiple Imputation and Posterior Simulation from Incomplete Multivariate Data with Ignorable Nonresponse.” Harvard University. Current Position: Area Chief for Statistical Computing, Center for Statistical Research & Methodology, U.S. Census Bureau, Washington, D.C.
- 1994 - Ralph B. D’Agostino, Jr.*, “Estimating Propensity Scores When Covariates Have Either Ignorable or Nonignorable Missing Values.” Harvard University. Current Position: Professor, Biostatistical Sciences, Department of Public Health Sciences, Bowman Gray School of Medicine, Wake Forest University, and Core Director, Comprehensive Cancer Center, Bowman Gray School of Medicine, Wake Forest University.
- 1994 - Chuanhai Liu*, “Statistical Analysis Using the Multivariate t Distribution.” Harvard University. Current Position: Professor, Department of Statistics, Purdue University.
- 1996 - Michael D. Larsen*, “Bayesian Approaches to Finite Mixture Models.” Harvard University. Current Position: Professor, Department of Statistics, George Washington University.
- 1996 - Heng Li, “A Vector Space Approach to Linear Models and Its Application in Dyadic Designs.” Harvard University. Current Position: Mathematical Statistician, Center for Devices and Radiological Health, Food and Drug Administration.
- 1997 - Ying Nian Wu, “Modeling General Mixture Components with Application to Schizophrenic Eye-Tracking.” Harvard University. Current Position: Professor, Department of Statistics, UCLA.
- 1998 - Jiangtao Du, “Valid Inferences After Propensity Score Subclassification Using Maximum Number of Subclasses as Building Blocks.” Harvard University. Current Position: Chief Investment Officer, Crediton Hill, LLC.
- 1998 - Leonard D. Roseman, “Reducing Bias in the Estimate of the Difference in Survival in Observational Studies Using Subclassification on the Propensity Score.” Harvard University. Current Position: Head of Group Decisions, Commonwealth Bank of Australia, New York, NY.
- 1999 - Constantine E. Frangakis, “On Coexistent Complications with Noncompliance with Study-Protocols, and Implications for Statistical Analysis.” Harvard University. Current Position: Professor, Department of Biostatistics, Bloomberg School of Public Health, Johns Hopkins University.
- 1999 - Jerome P. Reiter*[◊], “Estimation in the Presence of Constraints that Prohibit Explicit Data Pooling.” Harvard University. Current Position: Professor of Statistical Science, Department of Statistical Science, Duke University.
- 2000 - Jennifer L. Hill, “Classification by Opinion-Changing Behavior: Mixture Models That Accommodate Missing Data.” Harvard University. Current Position: Professor of Applied Statistics and Data Science, Steinhardt School of Culture, Education, and Human Development, New York University.
- 2000 - Zijin (C.J.) Shen, “Nested Multiple Imputation.” Harvard University. Current Position: Head of Options, Jump Trading, LLC, New York and Chicago.

- 2002 - Junni L. Zhang, “Causal Inference with Principal Stratification: Some Theory and Application.” Harvard University, Current Position: Associate Professor, Department of Business Statistics and Econometrics, Guanghua School of Management, Peking University, Beijing, China.
- 2004 - Samantha R. Cook, “Modeling Monotone Nonlinear Disease Progression and Checking the Correctness of the Associated Software.” Harvard University, Current Position: Chief Scientist, Financial Network Analytics (FNA), Barcelona, Spain.
- 2004 - Elizabeth A. Stuart*[◇], “Matching Methods for Estimating Causal Effects Using Multiple Control Groups.” Harvard University, Current Position: Professor, Departments of Mental Health, Biostatistics, and Health Policy and Management, and Associate Dean for Education, Bloomberg School of Public Health, Johns Hopkins University.
- 2005 - Hui Jin, “Principal Stratification for Causal Inference with Extended Partial Compliance.” Harvard University, Current Position: Economist, International Monetary Fund, Washington, DC.
- 2007 - D. James Greiner, “Potential Outcomes and Causal Effects of Immutable Characteristics.” Harvard University, Current Position: Professor, Harvard Law School.
- 2008 - Charity J. Morgan, “Assessing Thought Disordered Behavior Using Finite Mixture Models and Comparing Approximations for Logistic Regression.” Harvard University, Current Position: Assistant Professor, Biostatistics, University of Alabama at Birmingham.
- 2011 - Kari Lock Morgan, “Rerandomization to Improve Covariate Balance in Randomized Experiments.” Harvard University, Current Position: Assistant Professor, Department of Statistics, Pennsylvania State University.
- 2011 - Roe Gutman, “Topics and Applications in Missing Data and Causality.” Harvard University, Current Position: Assistant Professor, Biostatistics, Brown University School of Public Health.
- 2011 - Cassandra (Wolos) Pattanayak, “The Critical Role of Covariate Balance in Causal Inference with Randomized Experiments and Observational Studies.” Harvard University, Current Position: Director, Quantitative Analysis Institute, Wellesley College, and Lecturer in Quantitative Reasoning and Mathematics, Wellesley College.
- 2013 - Viktoriia Liublinska, “Sensitivity Analyses in Empirical Studies Plagued with Missing Data.” Harvard University, Current Position: Senior Research Analyst, Office of Institutional Research, Harvard University.
- 2014 - Arman Sabbaghi, “Dilemmas in Design: From Neyman and Fisher to 3D Printing.” Harvard University, Current Position: Assistant Professor, Statistics, Purdue University.
- 2015 - Nikole Andric, “Exploring Objective Causal Inference in Case-Noncase Studies under the Rubin Causal Model.” Harvard University, Current Position: Senior Data Science Consultant, Deloitte Consulting LLP.
- 2015 - Avi Feller, “Essays in Causal Inference and Public Policy.” Harvard University, Current Position: Assistant Professor, Goldman School of Public Policy, University of California, Berkeley.
- 2015 - Joseph Lee, “Extensions of Randomization-Based Methods for Causal Inference.” Harvard University, Current Position: Statistician, Google, Mountain View, CA.

- 2017 - Hillel Bavli, "Improving the Accuracy of Civil Damage Awards with Claim Aggregation." Harvard University, Current Position: Counsel, Boies Schiller & Flexner LLP; Fellow, Harvard Institute for Quantitative Social Science.
- 2017 - Ed Kao, "Causal Inference Under Network Interference: A Framework for Experiments on Social Networks." Harvard University, Current Position: Research Staff, MIT Lincoln Laboratory.
- 2018 - Xinran Li, "New Asymptotic Results on Randomization Inference in Experiments." Harvard University, Current Position: Postdoctoral Researcher, Department of Statistics, University of Pennsylvania.

Ph.D. Theses Jointly Supervised

- 1996 - Sadek M. Wahba, "Estimation of Causal Effects in Observational Studies: Applications to Training Programs and Labor Migration Decisions." Department of Economics, Harvard University. Current Position: Founder and Managing Partner, Squared Capital, New York, NY.
- 1997 - Rajeev H. Dehejia, "Econometric Methods for Program Evaluation." Department of Economics, Harvard University. Current Position: Professor of Public Policy and Associate Dean of Academic Affairs, Wagner Graduate School of Public Service, New York University.
- 1997 - Bruce I. Sacerdote, "The Lottery Winner Survey, Crime and Social Interactions and Why is There More Crime in Cities." Department of Economics, Harvard University. Current Position: Richard S. Braddock 1963 Professor, Department of Economics, Dartmouth College.
- 1997 - Sarah W. Thurston, "Error Analysis of Food Stamp Microsimulation Models." Department of Statistics, Harvard University. Current Position: Associate Professor, Department of Biostatistics and Computational Biology, University of Rochester Medical Center.
- 1998 - Keisuke Hirano, "Essays on the Econometric Analysis of Panel Data." Department of Economics, Harvard University. Current Position: Professor, Department of Economics, Pennsylvania State University.
- 1998 - Elaine L. Zanutto, "Imputation for Unit Nonresponse: Modeling Sampled Nonresponse Follow-up, Administrative Records, and Matched Substitutes." Department of Statistics, Harvard University. Current Position: Vice President of Methods and Analytics, Naxion, Philadelphia, PA.
- 1999 - Jaap P.L. Brand, "Development, Implementation and Evaluation of Multiple Imputation Strategies for the Statistical Analysis of Incomplete Data Sets." Erasmus University, Rotterdam. Current Position: Postdoctoral Researcher, Department of Medical Decision Making at Leiden University Medical Center, Leiden, Netherlands; Chairman of the Board, ATT, Utrecht, Netherlands; Analyst, Achmea, Apeldoorn Area, Netherlands.
- 1999 - Alyce S. Adams, "Tribal Management in Indian Health, Effect of Drug Coverage on Drug Expenditures for Medicare Beneficiaries, and Self-Report Bias in Studies of Guideline Adherence." Kennedy School of Government, Harvard University. Current Position: Research Scientist and Associate Director of Health Care Delivery and Policy, Kaiser Permanente Division of Research, Oakland, CA.
- 2001 - Eric O. Loken, "Temperamental Types as Latent Classes." Department of Psychology, Harvard University. Current Position: Research Associate Professor, Department of Human Development and Family Studies, Pennsylvania State University.

- 2005 - Yaming Yu, "Three Contributions to Statistical Computing." Department of Statistics, Harvard University. Current Position: Associate Professor, Department of Statistics, University of California, Irvine.
- 2010 - Christine Licht, "New Methods for Generating Significance Levels from Multiply-imputed Data," Winner of Outstanding Dissertation, Department of Statistics and Econometrics, University of Bamberg. Current Position: Coach and Consultant, Business Model Canvas, Germany.
- 2010 - Yves Chretien, "Three Applications of Statistics to Medical Research." Department of Statistics, Harvard University. Current Position: Clinical Fellow in Radiology, Massachusetts General Hospital and Harvard University.
- 2012 - Bronwyn Loong, "A Discussion of Uncongeniality for Synthetic Data." Department of Statistics, Harvard University. Current Position: Lecturer, College of Business and Economics, Australian National University.
- 2013 - Ana Kolar, "Sample Size Considerations When Using Propensity Score Methods to Estimate Causal Effects." Department of Statistics for Social Sciences, University of Ljubljana, Slovenia. Current Position: Founder, TaraStats, Helsinki, Finland.
- 2013 - Nathan Stein, "Topics in Empirical Bayes Modeling and Bayesian Computation." Department of Statistics, Harvard University. Current Position: Data Scientist, Spotify, New York, NY.
- 2013 - Valeria Espinosa, "A Bayesian Perspective on Factorial Experiments Using Potential Outcomes." Department of Statistics, Harvard University. Current Position: Quantitative Analyst, Google, CA.
- 2014 - David A. Watson, "Complications in Causal Inference: Incorporating Information Observed After Treatment is Assigned." Department of Statistics, Harvard University. Current Position: Visiting Assistant Professor, Department of Mathematics and Statistics, Carleton College.
- 2015 - Peng Ding, "Exploring the Role of Randomization in Causal Inference." Department of Statistics, Harvard University. Current Position: Assistant Professor, Department of Statistics, University of California, Berkeley.
- 2015 - Viviana Garcia Horton, "Topics in Bayesian Inference for Causal Effects." Department of Statistics, Harvard University. Current Position: Associate for Healthcare Practice, Analysis Group, New York, NY.
- 2016 - Panagiotis (Panos) Toulis, "Implicit Methods for Iterative Estimation with Large Data Sets." Department of Statistics, Harvard University. Current Position: Assistant Professor of Econometrics and Statistics and John E. Jeuck Faculty Fellow, Booth School of Business, University of Chicago.
- 2017- Alexander D'Amour, "Superpopulation Inference in Social Network Analysis." Department of Statistics, Harvard University. Current Position: Neyman Visiting Assistant Professor of Statistics, University of California, Berkeley.
- 2018 - Iavor Bojinov, "Diagnostic Tools in Missing Data and Causal Inference on Time Series." Department of Statistics, Harvard University. Current Position: Assistant Professor, Harvard Business School.

- 2018 - Thomas Ferriss, "Topics in Causal Inference and the Law." Department of Statistics, Harvard University. Senior Data Scientist, Google.
- 2019 - Juan Diaz, "Essays in causal inference in complex discontinuity designs and missing data", Harvard University, pending.
- 2019 - Shasha Han, "The Evaluation of Health-Care Interventions", National University of Singapore, pending.

BA/MA/MS Theses Solely or Jointly Supervised

- 1991 - Michael D. Larsen*, "Multiple and Simple Imputation for Nonresponse in Sample Surveys and the FARS Data Set." Undergraduate Honors Thesis, Department of Mathematics, Harvard University.
- 1999 - Daniel J. Benjamin, "Does 401(k) Eligibility Increase Net National Savings?: Reducing Bias in the Eligibility Effect Estimate." Undergraduate Honors Thesis, Department of Economics, Harvard University. Winner of Hoopes Prize.
- 2000 - Kristin N. Javaras, "A General Location Model Allowing for Semicontinuous Variables and Incomplete Data." Undergraduate Honors Thesis, Department of Statistics, Harvard University. Rhodes Scholar.
- 2001 - Masako Irie, "Handgun Waiting Periods and Their Effectiveness on Crime Rates and Homicide: a Statistical Analysis on Gun Control." AB/AM Thesis, Department of Economics and Department of Statistics, Harvard University.
- 2001 - Yi Qian, "Do Additional National Patent Laws Stimulate More Domestic Innovation in a Global Patenting Environment?: An Empirical Analyses for Countries that Started Pharmaceutical Patent Protection During 1978-1997." AB/AM Thesis, Department of Economics and Department of Statistics, Harvard University.
- 2002 - L. Stephen Long, "Psychopathic Personality and Affect in a Non-Incarcerated Sample." Undergraduate Honors Thesis, Departments of Psychology and Statistics, Harvard University. Winner of Hoopes Prize.
- 2003 - Brent Tworetsky, "An Analysis of Requested World Wide Web File Sizes." Undergraduate Honors Thesis, Departments of Computer Science and Statistics, Harvard University. Winner of Hoopes Prize.
- 2004 - Leo P. Espindle, "Improving Confidence Coverage for the Estimate of the Treatment Effect in a Subclassification Setting." Undergraduate Honors Thesis, Department of Applied Mathematics, Harvard University.
- 2006 - Cassandra K. Wolos, "Matching Methods for Small Sample Size Observational Studies: Reducing Bias in the Pennsylvania Value-Added Assessment System Pilot Program Evaluation." Undergraduate Honors Thesis, Department of Statistics, Harvard University.
- 2008 - Olivia Levine, "The Effect of Minority Status on Educational Attainment: An Evaluation With Propensity Score Matching." Undergraduate Honors Thesis, Department of Sociology, Harvard University.
- 2010 - Joseph Lee, "Evaluating Bias in Experiments with Partially Selective Sampling." Undergraduate Honors Thesis, Department of Applied Mathematics, Harvard University. Winner of Hoopes Prize.

- 2012 - Kristen Hunter, “A Little More Stratification, A Little Less Action: Principal Stratification Approach to Investigating the Effect of Intrapartum Antibiotic Prophylaxis on Late-Onset GBS.” Undergraduate Honors Thesis, Department of Statistics, Harvard University.
- 2013 - Alice Xiang, “Assessing the Potential Impact of a Nationwide Class-Based Affirmative Action System.” Undergraduate Honors Thesis, AB/AM Candidate, Departments of Economics and Statistics, Harvard University. Winner of Hoopes Prize; winner of the Seymour E. and Ruth B. Harris Prize in Economics for “the outstanding honors thesis.”
- 2018 - Amanda Glazer, “Analyzing Faculty Bias in Mathematics through a Fractional Factorial Experiment” Undergraduate Honors Thesis, Department of Mathematics, Harvard University.
- 2018 - Samuel Stone, “Intensive C.A.R.E. Delivers Results: A Causal Analysis of the Massachusetts Court Assisted Recovery Effort” Undergraduate Honors Thesis, Department of Statistics, Harvard University.
